Mr. Ryan R. Gummer, President  
Secure Foundations Systems, Inc.  
Post Office Box 1796  
Ocala, Florida 34478-1796

Dear Mr. Gummer:

We found out this past summer, May 2009, that "something" was happening to our home that the Lord gave us. When we called our insurance company and all paper work was completed, they gave us a list of foundation specialists and were told to get three quotes. We got the bids and read over each one. Since we have never been through anything like this before, we were apprehensive to say the least, we prayed and asked the Lord to give us who would do the work and be trustworthy. Your office sent Mr. David Toler, Senior Remediation Consultant, to our home to speak with us. And after meeting him, we knew the Lord wanted Secure Foundations Systems to do the work.

The week of Thanksgiving 2009, your Grouting Crew began prepping the house. Everyday, the crew was down to business, but always had a smile and was ready to answer any and all questions precisely and professionally. The crew made sure to clean up every day when they finished, even if night had fallen. The crew finished around mid-December 2009.

At the end of January 2010, the Under Pinning Crew began their process. We found that the crew was the same as the Grouting Crew, down to business, always smiling and willing to answer any and all questions precisely and professionally and always cleaning up everyday no matter what time it was. By the end of March, you had finished the foundation work and everything under our home was secure.

We are now in the process of getting the inside and outside of our home fixed and we are excited. One of our neighbors said, "Well, you will never be able to sell your home now since everyone knows you have had a sink hole under it." We thought about that statement and remembered that one of your men had told us, "well when we are all finished, this house isn't going anywhere, it IS built on a rock ". And the gentleman was correct. We told the neighbor, we were not interested in selling our home. The Lord had gave it to us and had placed it on a Rock. The Lord truly brought us through the flood, pulled us out of the pit and placed us on a solid rock.

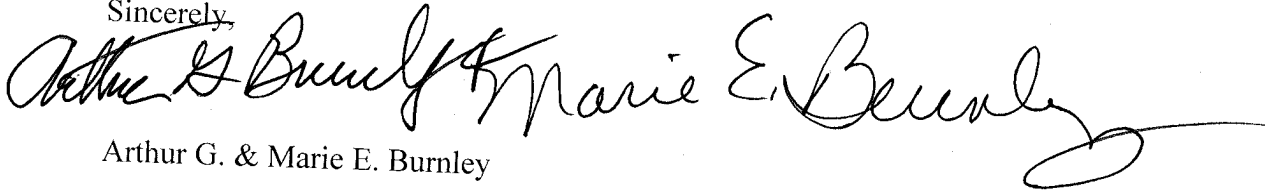

Mr. Ryan R. Gummer

So, please accept this letter of appreciation to you and your people for allowing the Lord to use you by making our home stable and "secure" and affording us the opportunity to meet you and your staff. We do have "a story to tell" all our grandchildren and great grandchildren to come. May God continue to Bless you, your staff and business.

Sincerely,

A handwritten signature in cursive script that reads "Arthur G. & Marie E. Burnley". The signature is written in black ink and is positioned above the printed name.
