

Christian Life Assembly of God

Rev. John R. Hensel, Pastor

June 10, 2009

Mr. Ryan Gummer
President Secure Foundation Systems
P.O. Box 1796
Ocala, FL 34478-1796

Dear Mr. Gummer:

I wanted to take a moment and tell you all how much I appreciate the work that your team did here at the church. As you know this was a large project, and I know that your team was faced with many challenges and delays once the job began. However, Reed, Joe, and their crew worked to resolve each challenge and did so with a positive attitude.

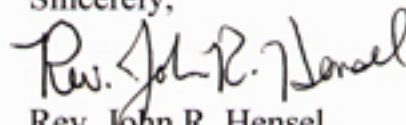

There were a few times that we needed to make special requests concerning the scheduling of work at certain times around the facility. Each time Reed worked to accommodate our need, and at the same time keep the project going. One instance was when we had individuals and dignitaries from all over the county coming for the National Day of Prayer. The grouting crew was scheduled to work at our front entrance blocking the entrance. Reed was able to work in another section freeing the entrance way.

Overall your team was very professional, yet personable. We believe that you all did a good job for us. You lived up to your promise of a clean job site, and to leave the property in good shape when the project was completed.

David Toler and Jim Alexander were a big help at the beginning of the project, and at various times throughout the process as well.

Thanks to your work we are now on a Secure Foundation. (Isaiah 28:16)

Sincerely,

Rev. John R. Hensel
Senior Pastor
