

Secure Foundations, Inc.
P.O. Box 1796
Ocala, Fl. 34478

Dear Sirs:

Attn: Mr. Ryan Gummer, President
Mr. Jim Alexander, Vice President

We wanted to say thank you to Secure Foundations for a job well done at our home in Spring Hill, Florida.

From the beginning to the end, David Toler was always there for us in such a polite and friendly way.

Your drilling crew with James Alexander as foreman were so willing to answer our questions and worked so hard in the 90 to 100 degree weather.

Your grouting crew with Reed Sutton as foreman were very careful and did an excellent job on cleaning up. Outside of being minus some shrubs, they left our yard and grass in such good condition, our home looked nice and clean outside. We then left for our home in Illinois, content with everything.

We are so happy to have our sinkhole activity taken care of properly and will surely recommend you to others.

Sincerely,

Libby Morin
Joseph A. Morin
